

"I Can't Believe It's Not A Gutter"

Benefit Bowl

Vigo County Education Foundation's 9th Annual "I Can't Believe It's Not A Gutter" Benefit Bowl

Tuesday, October 29, 2019

Terre Haute Bowling Center, located at 600 East Springhill Drive

A team of four will bowl one game and share the lane with a school from the VCSC

An auction will be conducted and hors d'oeuvres will be provided.

All proceeds from the event will benefit the Vigo County Education Foundation's grant program which encourages creative thinking and benefits the students of the Vigo County School Corporation. The VCEF generates new sources of revenue to fund teacher-initiated educational projects that could not be funded by local, state or federal dollars. These are some of the programs that will benefit this year:

***THCM grant**-The Terre Haute Children's Museum grant will provide an opportunity for more than 1200 first grade students in the Vigo County School Corporation to experience the joy of hands-on learning during a field trip to the Museum. With field trips being cut statewide, it is a goal of ours to enrich children's lives through the exploration of science and technology, giving children a creative spark for discovery and lifelong learning.

***Mini-grants (CTE & More!)** -The Career and Technical Education (CTE) Program teaches and guides over 14,000 students through 30 career pathways including finance, robotics, healthcare, electronics, manufacturing, welding, and more. Classroom and grade level mini grants allow teachers to supplement and enrich lessons in every curriculum content area including STEM/STEAM, language arts, the arts, social-emotional development, and more.
