EDUCATION
FOUNDATION

LETTER FROM THE PRESIDENT

The mission of the VCEF is to provide programs and projects that enhance and enrich public education. Because of the amazing support from so many individuals, businesses and the community, the VCEF funded a record number of grants for a second straight year, and we were able to provide more resources to more programs and projects than ever before! A remarkable 135 mini grants and a total of \$79,636 were invested in classroom programs that enhance literacy, encourage attendance, expand math skills, engage families, and entice interest in science and technology. Twenty-three school wide grants totaling \$41,870 provided funding for school wide theatrical productions, language arts, math, and family involvement initiatives, technology upgrades, and more.

Once again, numerous transformational and district wide grants including extended day tutoring and Read Live, the Performing Arts Workshop, academic team competitions, and enriching field trips were implemented, as well. In all, the VCEF provided over \$260,000 in support for Vigo County students and teachers. We are forever grateful to the individuals and partnerships who participated in helping the Foundation achieve this exceptional year!

Serving the students and teachers in our community through the VCEF is such a rewarding and fulfilling experience. Within the grant review process, we get to see first-hand the passion and commitment our teachers have for their students as well as the tremendous needs of so many in our community.

I fully believe that now, more than ever before in the VCEF's thirty-four year history, grants are a critical component to help engage, support and reward educational success.

On behalf of the outstanding volunteer Board of Directors and amazing staff in Jane Nichols and Jennifer Kirsch, thank you for your support and interest in education and for caring with us for the future of our community. And, we invite your continued support because as Benjamin Franklin so simply noted, "An investment in knowledge pays the best interest."

FUNDRAISERS & EVENTS

BENEFIT BOWL

The “I Believe It’s Not A Gutter” Benefit Bowl is a fun night of bowling, appetizers, and a silent auction. Held in the fall, this annual event raises money for the first grade field trip to the Terre Haute Children’s Museum, CTE programming, and other enriching projects.

BUSINESS & BAGELS

Twice a year, the VCEF invites the community to join them at a selected school for school wide grant distributions and program highlights. This event is typically held in the fall and again in the spring.

EXCELLENCE IN EDUCATION BANQUET

Held in the spring, this heart-warming, annual event honors teachers who have demonstrated excellence in education. One recipient is honored from each school. Nomination forms may be found on our website.

“FORE” THE KIDS GOLF TOURNAMENT

This golf scramble is held annually on the last Friday in July. The funds raised from this event help support VCEF sponsored programs such as classroom grants, academic competition funds, attendance programs, summer math enrichment, school wide math and literacy initiatives, extended day tutoring, and more.

PAYROLL DEDUCTION

Generous contributions are made by Vigo County School Corporation employees who want to support the VCEF. Employees who enroll in the payroll deduction program have a small amount of money withheld from their pay every week. The resulting funds help the Foundation grow and expand its granting capacity. Just consider this: If 100 teachers gave \$3.00/pay, we would have \$7,800 more to grant!

PLANNED GIVING

This giving option allows patrons to consider the future of the Foundation during their estate planning process. A planned gift to the VCEF can help ensure the future prosperity of our schools. Please contact the Foundation office if you are contemplating such a gift.

MAJOR SAVER

Spring sales of restaurant discount cards in elementary and middle schools throughout the Corporation provide a major source of income to individual schools and the Foundation.

Students in Ms. DeBard’s Otter Creek Middle School classroom are learning, “Whooo’s in the Food Chain?” Barn Owl Pellets are a natural teaching tool because they are a fantastic example of the food chain, the principles of ecology, animal structure and function, skeletal anatomy, and natural history.

PROGRAMS

COMMUNITY SUPPORT HELPS PROVIDE PROGRAMS WHICH ENHANCE AND ENRICH PUBLIC EDUCATION

ACADEMIC FUNDING

Funding is provided for entry fees to allow academic teams to participate in competitions.

BATTLE OF THE BOOKS

The VCEF funds transportation costs and equipment requests for a district-wide reading competition.

FIELD TRIPS

The VCEF funds field trips for selected grade levels throughout the school corporation. These include the Fowler Park Pioneer Days, Terre Haute Children's Museum and the Terre Haute Symphony Orchestra.

READ LIVE INTERVENTION

This program provides help in reading fluency and comprehension for students in targeted schools.

SCHOOL-WIDE GRANTS

School-wide grants are awards, generally \$1,000—\$3,000, given to principals for requested programs with a school-wide improvement focus.

TRANSFORMATIONAL TUTORING

This program provides extended day language arts instruction to students in a number of targeted schools.

READING RECOVERY

This program provides intensive remediation for first grade readers. The VCEF purchases 'keep' books that are sent to the participants' homes during summer months.

GIVE A BOOK

Every VCSC kindergarten student is given a personalized book through the support of Terre Haute Savings Bank, B & S Plumbing, Duke Energy and the Wabash Valley Community Foundation.

MINI-GRANTS

Mini-grants are awards of up to \$750 given to teachers for enrichment programs they wish to offer in their classrooms.

PERFORMING ARTS WORKSHOP

The Performing Arts Workshop is a summer musical production performed by high school students and earns them a fine arts credit.

MATH MAGIC / WRITING WONDERS / IREAD 3

The VCEF funds the transportation to these summer programs that serve second through eighth grade students. Students participate in problem solving and writing to learn about science activities.

"LITTLE BOOKS FOR LITTLE BRAVES"

Early learning is extremely important for the children in the preschool Little Braves Program at Booker T. Washington. High school family and consumer science (FACS) classes use the Little Braves Program as a laboratory for their childcare development curriculum. The Little Braves preschoolers need many different kinds of educational activities to help with their intellectual and emotional development, and the FACS high school students also need support and resources as they work with the Little Braves in their child development curriculum.
